** Within Bakoeven / Maupin area is a knapweed control zone. Control efforts are mandatory under ORS 570.510 and 570.515.*

A Pests:

A weed of known economic importance known to occur in the county in small enough infestations to make eradication practical.

B Pests:

A weed of known economic importance and of limited distribution within the county and is subject to intensive control or eradication, where feasible, at the county level.

C Pests:

A weed that also has economic importance but is more widely spread. Control of these weeds will be limited by conditions that warrant special attention.

Q Pests:

A weed that exists in the county, but is of little, no, or undetermined economic importance. However, they are to be monitored and subject to control if they begin to appear threatening.
