Supporting 5 Mile Wind Turbine set back from any city limits.

Re: Proposed Wasco Co. Energy Ord. Amendments, Hearing Feb. 15, 2012

As a resident and property owner in Antelope I would like to support a standard with a minimum set back of 5 miles from the city limits of any incorporated city.

A 5 mile set back with help ensure that development of wind farms is compatible with the residential use in our incorporated cities, protect our views and vistas and protect our community property values.

Thank you,
Janet Stewart
