I am writing to express my concern regarding industrial wind development.

I support a 1.5 mile setback from all non resource zone lands with no waivers. I support a 1.5 mile set back on resource zones with an option to grant a waiver. I also strongly support the protection of the Columbia Gorge national scenic area. I am not convinced that wind power is the best option for energy development and do not want to see it compromise our quality of life. Thank you. Joella Bullock, 6575 Martin Rd. The Dalles.
