

**Wasco County Board of Commissioners
MEMORANDUM
PLALEG-09-06-0003**

**Amendments to the
Wasco County Land Use & Development Ordinance**

MEMORANDUM

DATE: February 7, 2012
TO: Wasco County Board of Commissioners (Board)
FROM: John Roberts, Planning Director

A staff report and accompanying Attachment A for PLALEG 09-06-0003 was prepared for the January 18th public hearing. Due to inclement weather this public hearing was continued to February 15, 2012.

However, since January 18th approximately 30 public comments relating to the planning case and proposed amendments have been submitted. These comments were submitted to the planning department between January 18th and February 7th. These comments address a range of issues and have been attached for your consideration. Staff will be prepared to address these comments in more detail at the public hearing.

Nevertheless, in light of the anticipated number of public comments and substantive feedback at the February 15 meeting, it will be recommended the Board continue the hearing to a date and time certain.

The Board's packet for the February 15th meeting contains the following:

- Staff Report Prepared for February 15, 2012 Public Hearing
- Staff Report Attachment A
- Public comments
