RE: What The Festival 2017

It is Bishop Services, Inc. intent to provide equipment and services for What The Festival 2017 upon entering a contractual agreement.

Bishop will meet or exceed the requirements of 7 toilets for 800 people, along with one hand washing station for each grouping of toilets. Additionally, each portable toilet and hand-washing unit will be pumped at least once/day.

Food vendors will be supplied access to 300-gallon greywater tanks to be pumped by Bishop Services and trucked off-site for disposal at a licensed facility. Greywater dumping stations will be located within 50 feet from food vendors.

If you have any questions or comments, please contact Carrie House or myself at (509) 773-4707.

Sincerely,

Lisa Cunningham
