

WASCO COUNTY FIRE RELIEF FUND 2018

Wasco County Fire Recovery Funds, Applications Due by December 5th, 2018.

Through fund raising efforts from local citizens and businesses, funds were raised to assist Wasco County area residents impacted by the wildfires of 2018. A portion of these funds will be dispersed to private individuals that were impacted by these fires. It is our goal to use the remaining funds generated to support efforts that will benefit the community from future wildland fires.

An advisory committee made up of local residents from Wasco County is seeking requests for funding from **individual parties** that were impacted by the fires. These individuals seeking financial assistance should complete the application as best as possible, please describe your situation of need and any other financial assistance you have received.

Individual Party Applications need to be received no later than December 5th 2018. The fund advisory committee will review all applications and make determinations on how to disperse these funds. It is our goal to distribute funds to individual parties by Christmas of 2018.
